Dear Member of the Maritime Industry,

We at the Society of Port Engineers are honored every year to host the greatest Maritime event on the West Coast. The Annual Don Costello Port Engineers Picnic is the Maritime Industry's opportunity to come together for a day and party like rock stars.

The event features an all you can eat experience with a dinner that includes barbecued tri-tip, barbecued chicken, red potato salad, and garlic rolls. Lunch is all you can eat burgers, hot dogs and the best homemade chili on the planet! The bar is open all day and is hosted with beer and wine.

Last year we had 18 shopping carts filled to overflowing with door prizes that each entry ticket has a chance to win. Generally we spend over \$6,000.00 on door and raffle prizes for adults, teenagers and youngsters. There are kid's games with prizes for the youngsters by age group, beginning with the 5 year olds, and there are jumpers, clowns, face painters, and a World Champion Magician. Did I mention that it is at Seaside Lagoon in Redondo Beach where there is a great beach and swimming for the kids?

The Port Engineers Picnic is the ideal chance to have the entire company out for a great time! Everything is done and all you have to do is buy a ticket and show up. We have included this year's flier and ticket ordering information for your convenience. We generally have 1000 to 1200 members of the Maritime Industry attend the Picnic and it is a tremendous opportunity to showcase your company to the many members of the Maritime community. If the date does not work for you, perhaps you would consider a sponsorship to the event. We do a superb job of thanking our Sponsors from the podium and also with banners that indicate those who support the Picnic. All profits from the event are used to sponsor grants and scholarships for the California Maritime Academy; truly a great cause!

If you've read this far, thanks for taking the time from your busy schedule. We hope to see you, your employee's, family and friends at this great event.

Very Best Regards,

Jim Frassetto
2011 Picnic Chairman

Join over 1000 members from the LA/LB Harbors
for the largest Maritime Event on the West Coast!
